I understand that reserve prices are optional and that there is no fee for setting reasonable reserves and that I will be informed if any of my suggested reserves are unreasonably high. I acknowledge that I may be charged a fee of up to 10% of those reserves on any lots that fail to sell because of my unreasonably high reserves.

I further understand that my consignment fee will be 10% of the Hammer Price on the first \$20,000 sold and from there the consignment fee will decrease according to an established formula as my total sales increase and that 35 days after the date of the auction a settlement cheque for all sold items will be issued and any unsold lots returned.

Signed
